My first dog	I live with dalmatians since I was 7 years. My father bought a Dalmatian bitch from Czech Republic. It was the very first Dalmatian in Russia, and the very first litter was born in our kitchen.
Dalmatians	I've started to breed Dalmatians under my own kennel name "iz Terletskoy Dubravy" in 1996. We always had 1-5 dalmatians in the family.
Dogs at present	At the moment I have one young bitch "Cesna iz Terletskoy Dubravy" at home, 2 more – "Melissa iz Terletskoy Dubravy" & "Rhapsody iz Terletskoy Dubravy" lives with my sister, some other in co-ownership with my friends.
Breeding activities	I have 2-3 litters every year. From my breeding we have 4 World Winners, 2 European winners, 2 Crufts winners and over 100 champions of different countries. I also have 2 WAFDAL winners in my collection 😊
Memberships in dog clubs	I'm a member and a secretary of Russian Dalmatian club.
