Youth	I was born on 7 th of October 1960 in Vienna.
Family und Worklife	Since 1982 married to Dr. Harald Nemecek, one daughter (born 1984) and one son (born 1989). Working in commercial managment in an Austrian company. 1996 matriculation at the Vet.med.University of Vienna, studying genetic, gynecology, obstetrics and andrology, main focus on dogs. I also was since my youth interested in dog behavior, character and education. I attended several workshops to this theme, held by wellknown scientists and trainers in Austria and abroad. For example Turid Rugaas, Patricia McConnell, Barry Eaton, Adam Miklosi, Sheila Harper, James O'Heare. To complete my experiences I also worked for 6 months at the Wolf Science Center Ernstbrunn/A with Prof. Dr. Kurt Kotrschal.
My first dog	More than one, grown up with Longhaired Dachshund and German Shepherd. In 1980 I found my Greek mixed breed female with a very independently character.
Dalmatians	Since 1992 (several), since 1994 also Smooth Foxterriers.
Dogs at present	6 Dalmatians (between 3 and 14 years), one own-bred Smooth Foxterrier (more than 15 years actually), one Saluki and two Bracci Italiani. Of course all dogs are living in the house and they are a part of the family. I was always interested in other breeds. In my opinion it is very important to be interested in other breeds to avoid getting routine-blinded in Dalmatians.
Breeding activities	From 1996 to 2006 I had all together ten litters of Smooth Foxterriers.
Memberships in dog clubs	Since 1992 member of Austrian Dalmatianclub, since 2014 president and also responsible for breeding of the Austrian Dalmatianclub. Active showing my first two Dalmatian females and later my Foxterriers. Since about 1998 activ working at dog shows at all Austrian shows for ÖKV/FCI.

August 2019
