

# The only international Dalmatian Club WORLD ASSOCIATION FOR DALMATIANS

## CHRISTMAS NEWSLETTER 2024

Dear WAFDAL members, dear Dalmatian friends,

Time flies, the year 2024 is already drawing to an end.

For many, last year started with the World Dog Show in Croatia, which at least visually was all about our breed.

The WAFDAL was pleased to welcome new members in 2024 and successfully introduced a new online format to promote and improve communication internationally, *the WAFDAL round table*.

Unfortunately, the repressive political trend has intensified in Western and Northern European countries. New laws and rules have emerged, especially in German-speaking countries, which could make both shows and pedigree dog breeding much more difficult in the future. We tried our very best to influence this process, but much work has to be done.

Nevertheless, we are very much looking forward to our big WAFDAL event next year in Germany: On the last weekend in August 2025, we will hold our big WAFDAL show, the club show of our member CDF and our bi-annual members meeting in Bavaria. There will be an attractive supporting program. We look forward to welcoming you all to Münchshgrün!

The entire WAFDAL board wishes all members and Dalmatian friends a Merry Christmas and a great start to the New Year!
